1870

To the York County Commissioners.

Respectfully represent the undersigned inhabitants of Kennebunkport that on or about the first day of May A. D. 1867, they made a petition to the Selectmen of said town, therein representing that the public convenience and necessity required that a town road should be located and made commencing at or near the house of Joseph Taylor in said Kennebunkport at the highway leading past said Taylor's house and thence running in a Northeasterly direction to the Alfred road, so called, at a point near the house of Josiah Hutchins in said Kennebunkport and the said Selectmen thereupon and thereafter, after giving written notice of their intentions and posting the same for more than seven days in two public places in said town of Kennebunkport and in the vicinity of the said contemplated road or way, describing it therein, on the eighteenth day of May A. D. 1867, in pursuance of said petition and notice viewed the said route and laid out the said road, or way, as follows, viz: beginning at a stake in the road between the dwelling houses of Joseph Taylor and Joseph Tarbox near the west corner of Simon L. Cleaves' pasture, thence North 54° East over lands of Jonas B. Tarbox, thirty two rods, thence North 47° East on a line parallel to one and one half rods distant from said Cleaves' line over said Jonas' land one hundred and thirty two rods, thence same course over land of E. H. C. Hooper one hundred and seventy five rods to the Alfred road and one and one half roads each side of said line, making the contemplated road three rods in width. And the said Selectmen, thereafter on the same day made return of their said proceedings containing the bounds and admeasurements of the said road or way and the damages allowed to each person for land taken; and filed the same with the Town Clerk of said Kennebunkport and in their warrant calling a meeting of the inhabitants of said town to be held at the town house in said Kennebunkport on Monday the third day of June A. D. 1867, issued and posted according to law more than seven days before the said meeting, inserted an article to see if the said town and the inhabitants thereof would accept said road or way so laid out as aforesaid. And the said town at the meeting so called as aforesaid and held at the time and place aforesaid, unreasonably refused to accept the way so laid out as aforesaid and voted to indefinitely postpone the said article.

Wherefore your petitioners respectfully pray, the said County Commissioners after giving the notice required by law, to meet at the time and place to be appointed in such notice and view the said way and hear the parties and that as the said way is of common convenience and necessity, that they locate and establish the same and as in duty bound will ever pray.

D. A. BURNHAM,

and twenty four others.

State of Maine.

York, ss. At a Court of County Commissioners, begun and held at Alfred, for and within the County of York, on the second Tuesday of April, A. D. 1868. On the foregoing petition, it is considered by the Commissioners that the petitioners are responsible and that they ought to be heard touching the matter set forth in their petition, and therefore order, That the petitioners give notice to all persons and corporations interested, that the County Commissioners will meet at the dwelling house of Joseph Taylor, in said Kennebunkport, on the twenty-eighth day of May, A. D. 1868, at ten o'clock in the forenoon, when they will proceed to view the route set forth in the petition and immediately after such view, at some convenient place in the vicinity, will give a hearing to the parties and their witnesses. Said notice to be by causing copies of said petition and this order of notice thereon, to be served upon the Town Clerk of said Kennebunkport, and also by posting up copies of the same in three public places in said town, and publishing the same three weeks successively in the Union & Journal, a newspaper printed in Biddeford in said County, the first of said publications and each of the other notices to be at least thirty days before the time of said meeting, that all persons may then and there be present and shew cause, if any they have, why the prayer of said petition should not be granted.

Attest, H. FAIRFIELD, Clerk.
